# Get instant access to your imaging records online with Clearpath!

Imaging records are now available through Clearpath! Instead of picking up a CD, you can access your records from the comfort of your home.

## How Clearpath benefits you

- Your imaging records are stored and are accessible to you at any time, from any device.
- You can instantly share these records with any doctor or family member.

## How to get Clearpath

If you have been recently seen at Bright Light Medical Imaging you will receive an email when your records are ready, including your Clearpath login information.

If you need prior records, please follow the steps below.

1. Simply Create an Account at https://patient.myclearpath.com/login
2. You will be asked to enter your First and Last Name, Date of Birth, E-mail, and Time zone.
3. Once you create an account you will get a temporary password sent to your e-mail
4. Use the temporary password and your email address to log in
5. Request your records

## How to Request Records

1. Once logged into Clearpath, select the Request Record Tab
2. To request a record, select the Request Record button on the bottom right corner
3. Select Record Custodian (Provider Location)
    a. If you do not see the custodian's name listed, please reach out to help@myclearpath.com
4. Select records to request, Body Part, and date Range
5. Agree to the terms and conditions and submit

*** Prior to requesting your records, please ensure a copy of your Photo ID is attached to your profile under the My Identity Tab**

****Once submitted, Bright Light Medical Imaging will review and process. Once request is processed, if approved you will see your images under the My Records Tab**

## For any assistance with accessing your images online, please contact Clearpath directly.
